

RIVERSTONE BANK

11/1/2021

Dear First State Bank Customer,

We are pleased to announce that as of November 5, 2021 First State Bank and Riverstone Bank will be operating as one. As First State Bank begins to rebrand to Riverstone Bank, we are excited for the opportunities that it will bring to the First State Bank customers.

Riverstone Bank of Eagle, Nebraska is a small, community minded bank that was established in 1884. Their tradition of longevity marries seamlessly, with our tradition of longevity. As a First State Bank customer you should anticipate very little disruption, as there will be no changes as to how we conduct your business.

You can expect

- Your statements & notices will look and function exactly the same, only now with the Riverstone Bank Logo.
- Your loan payments will continue to go to the same address and will be handled without interruption.
- Your First State Bank debit card and checks will continue to work. Upon any reorder, they will be updated to Riverstone Bank.
- Your DDA account will have no changes in regard to benefits.
- Our website will change to www.bankriverstone.com, but it will look exactly like our current website and you will log in to online banking the same as today.
- Our Mobile App & Bazing App will see no changes, except for the Riverstone Bank name
- All account numbers will stay the same.
- Your direct deposits will need no changes.

We are looking forward to the opportunities that this union will bring for all of our customers.

Sincerely,

Mike Downey
