

# RIVERSTONE

Established 1884 **BANK**

We are pleased to announce that as of November 5, 2021 First State Bank and Riverstone Bank have completed their merger and are operating as one. As First State Bank begins to rebrand to Riverstone Bank, we are excited for the opportunities that it will bring to the First State Bank customers.

Riverstone Bank of Eagle, Nebraska is a small, community minded bank that was established in 1884. Their tradition of longevity marries seamlessly, with our tradition of longevity. Riverstone Bank will continue to provide the local community minded banking relationships that First State Bank customers have come to depend on.

Riverstone Bank's leadership team will consist of Mike Downey as CEO, Crystal Nielsen as CFO and Rick Tuggle as EVP/COO. These long term First State Bank employees will join RSB President, Steve Glade, from Eagle Ne.

We are pleased to announce that Doug Couse will become Riverstone Bank's new Market President for Scottsbluff and Gering. Doug has spent the last 8 years at Western States Bank, most recently holding the position, as their Market President in the Panhandle. With almost 35 years, in the banking industry, he brings a wealth of banking knowledge and most importantly, a commitment to community, that will complement our new Riverstone Bank team well.
